

Pre-Cut Fabric Supply List

There are 3 projects to choose from for the April 22nd class. They are:

- 1) Disappearing 9-Patch, new setting
- 2) Disappearing Hourglass
- 3) Summer In The Park

1) Disappearing 9-Patch project you will need the following fabric:

Throw 52" x 78"

- 2 – 5" charm square bundles* or 1 layer cake, or 40 - 5" squares medium to dark fabric
- 2 ¼ yards light fabric
- 7 – 10" squares coordinating fabric, medium to dark in color

*Check your charm square bundles. Depending upon the fabrics in your bundle, 1 may be enough. If your 1st bundle has a lot of lights, a second charm square bundle may be needed. Your goal is 40 – 5" squares, medium to dark colors.

"Layer Cakes" will work for this project too. They can be cut down to 5" squares.

Queen 78" x 104"

Your goal for this size quilt is 90 – 5" squares, medium to dark fabrics, 3 ½ yards of a light fabric and 17 – 10" squares of coordinating fabric in medium to dark colors.

2) DISAPPEARING HOURGLASS

This class is "Layer Cake" friendly. Layer Cakes are pre-cut packets of 10" squares already color coordinated for you. The number of squares in each packet will vary. Check the number of squares in your Layer Cakes before you start this project to make sure there are enough for the size quilt to be made.

FABRIC:

Finished Quilt Size (Approx)	Blocks Set	# of Blocks	# of Light Squares	# of Medium to Dark Squares
57 1/2 x 69	5 x 6	30	30	30
69 x 80 1/2	6 x 7	42	42	42
80 1/2 x 92	7 x 8	56	56	56
92 x 103 1/2	8 x 9	72	72	72

3) Summer In The Park

This quilt is Jelly Roll friendly. Jelly Rolls are fabric strips cut 2 ½" wide by LOF, usually in groups of 40-42 strips. For this project you will need 1 jelly roll of medium to dark fabrics, and 1 jelly roll of light fabric or yardage to equal a jelly roll which would be about 3 yards.

If you are wanting to just “learn the technique” bring as many or as few squares and strips as you would like to practice with.

I would suggest the following:

Project #1 Floating Disappearing 9-Patch: 10 – 5” squares, medium to dark fabric, 2 – 10” squares of coordinating medium to dark fabrics, and ½ yard of a light fabric.

Project #2 Disappearing Hourglass: 4 - 10” squares, medium to dark fabric and 4 - 10” squares of light fabric.

Project #3 Summer In The Park: 6 – 2 ½” x WOF strips, medium to dark fabric and 6 - 2 ½” x WOF strips of light fabric.

BASIC SEWING SUPPLIES:

1. Sewing Machine – cleaned and in good working order
2. Thread – neutral color, white/cream/ecru/off white/gray, you decide
3. Cutting Mat – at least 12” x 12” or larger but not huge. You will want it large enough to fix your block but small enough to be able to turn the mat around on your table.
4. Rotary Cutter
5. Ruler – at least 15” long with ¼” and 1/8” markings. For the Summer in the Park pattern, bring a 12” x 12” (or larger) ruler with a 45 degree line through the center.
6. Basic supplies: sewing machine needles, bobbin, straight pins, scissors/thread clippers, etc.
